

Webinar: Big Questions in Land Management

Published on Jul 13, 2021 by Land Managers

Please join Peoples Company and industry-leading experts on Tuesday, August 10th, for the second installment of Peoples Company's webinar series, "Big Questions in Land Management." The hour-long, complimentary webinar will begin at 3:00 p.m. CST with time allotted for audience questions at the end. Timely information will cover cash rental rates, commodity prices, cover crops, lease terminations, conservation, Leading Harvest, and more. The webinar will provide up-to-date information on issues and opportunities impacting your farm.

Webinar: Big Questions in Land Management

Tuesday, August 10th, 2021

3:00-4:00 p.m. CST

SPEAKERS & TOPICS:

Lease Terminations

Kathleen Law, J.D.
Shareholder,
[Nyemaster Goode, P.C.](#)

Kathleen practices real estate law and represents all types of parties with real estate matters, including buyers, sellers, tenants, landlords, lenders, real estate developers, municipalities, and renewable energy project developers. She has extensive agricultural real estate experience as well. Kathleen and her husband Dave own and operate their family farms, along with their son Jonathan.

Conservation Pays

Adam Kiel
Executive Vice President,
[AgOutcomes Inc.](#)

Adam co-administers the Soil and Water Outcomes Fund, a carbon and water quality ecosystem service program. He has over 20 years of experience in the field and has held prior roles with the Iowa Soybean Association, Iowa Department of Natural Resources, and National Park Service.

Rental Rates & Leading Harvest

Peter Isaacson
Land Manager,
[Peoples Company](#)

Peter Isaacson focuses on land and asset management throughout the upper Midwest. He is well versed and utilizes multiple forms of land leasing arrangements as well as custom farming, organics, and complex leasing structures to maximize value for operators and landowners. Peter works on behalf of absentee landowners, attorneys, trust officers, investors, and conservation groups. His diverse background and passion for both production agriculture and conservation make him an important member of the land management team and a great resource to the landowners and clients he serves.

Market Updates

Dustin Johnston
Lead Strategist,
[AgYield](#)

Dustin has 14 years of experience working with large agricultural producers throughout the Midwest and Delta to mitigate farm price risk. He has been an integral part of designing the AgYield software, which helps manage farm margins.
