BIO

Sultana worked as a Paralegal for a small law firm when she discovered her love for real estate. To further her knowledge of real estate transactions, she partnered with the law firm's title company and became a Title Insurance Producer. While working in the title industry and the legal field, she learned the ins and outs of the Missouri Probate system, how to perform and interpret title searches, how to read and map legal descriptions, and so much more. Sultana began working for Boyd Harris Companies, Inc. as an Office Manager in May 2021 and began learning the appraisal business. Her unique combination of skills and experience has allowed her to provide a high-quality level of support and assistance to the staff appraisers and she quickly progressed to the position of Appraisal Coordinator. She joined Peoples Company in March 2023 and is excited to provide the same level of support and assistance to the appraisers of Peoples Company.

EDUCATION

Sultana graduated from Moberly Area Community College with an Associate's Degree in General Studies in 2016 and from Columbia College with a Bachelor's Degree in General Studies with minors in Philosophy and Business Management in 2019.
